9am Sunday Mass

The 9am Mass will be an in person Mass as well as our live stream Mass beginning today Sunday, October 4th. Because it is our live stream Mass, it will include music and musical responses. However, since the congregation is not permitted to sing at this time, the Song Leader will be the only one singing. In order to follow the instructions of the health unit, the diocese and social distancing, please follow the instructions of the hosts/ushers for seating. Masks are required.

Remember to Register Online

Please register online for both the 9:00am & 11:00am Sunday Masses. Or if you don't have a computer please register through the office. This process helps us to know who and how many will be attending. And it will save a lot of time at the door registering those who attend. It also provides us with a list of who attended in case something happens and we have to reach you. This is common practice now whenever we are at an in person service such as a restaurant, theatre or event..

Weekday Masses

If you're unable to attend Mass on Sunday due to not being able to be in a large crowd or for other reasons, you may consider participating at a weekday Mass.

Please take the necessary precautions when leaving your home and when you are gathering together with a group of people. Wash your hands often and wear a face covering over your nose and mouth.

Have a Great Week!

Life Chain

Sunday, October 4, 2020 would have been the 29th annual Campaign Life Coalition Life Chain in Kingston. Due to violence experienced last year towards their peaceful and prayerful witnesses and to the limited numbers allowed by the COVID restrictions, they have made a difficult decision to postponed Life Chain in Kingston for this year. Please pray for those who mourn for the precious babies who were denied their lives and for the conversion of our country to the protection of all life from the time of conception until natural death.
